

A SPORTING CHANCE

DVD ORDER FORM

A Sporting Chance represents a two and a half year project by the boys and staff of Cothill House. One way or another, everyone in the school was involved, whether it was by way of acting, building sets, filming, sound recording, lighting, focus pulling, creating sound effects or just generally helping. For parents, we hope you will agree that *A Sporting Chance* represents all that is memorable about your son's time here at Cothill and will form a lasting record of his years at prep school. For other visitors to our website, we hope the film gives a glimpse in to life at our school

If you would like to order a full length copy of the film (running length 80 minutes), please complete and despatch the form below:
